

PremierLED
lighting solutions

• T8 LedLight

One of the first developments by PremierLed Technologies is our T8 replacement tubes that come in all standard sizes. These have already been proven for their performance lifetime and efficiency. PremierLed T8 tubes save 50% energy and guarantee a life time of 75,000 hours. That is 3 times a standard fluorescent T8. These advantages help you to avoid maintenance expenses, hazardous explosion risks, and besides it is safer for the environment because it doesn't use gases or toxic materials. Help us to make your company Green!!
