

# • Under-water Lamps

The protection index(IP) is an international standard based on the tightness degree in the underwater luminaries. PremierLed under-water lamps are qualified as IP68(totally waterproof), and can be used as decorative illumination in pools, fountains, and any other water installations. PremierLed under-water lamps are compatible with DMX and RGB systems which allows for millions of color and dimmable possibilities.

Dimensions and connections	5.1 x 8.5 in
Opening lightning angle	8° • 15° • 30°
Operation and Consumption	24vDC
Power	6 x 3w (18w)
Lumen Output(white)	900 lm
Lifetime	60,000 hrs • IP68 • 4 year guarantee
Colors
