

PremierLED
lighting solutions

• Wallwasher

The best outer illumination is created by wallwashers in all its variants! PremierLed wallwashers come rate IP68(weatherproof) and operate in very low voltage. PremierLed wallwashers can be combined with DMX and RGB system consoles to allow for color playing of all kinds, not to mention that PremierLed wallwashers are fully dimmable to make that perfect transition that you need! Many different configurations include line settings, oval, high performance, graduating angle aperture, and all of these possibilities make your choices endless. Go green.
